

Students,

Choose your own learning path! Nevada Learning Academy (NVLA) is not just for summer school. You can be a full-time NVLA student or you can enroll part-time while remaining enrolled at your home school. We offer a variety of courses designed for students like you - students that want individual attention, dynamic learning experiences, and flexibility that only online learning can provide. NVLA courses allow you to balance your unique educational needs, travel, athletics, and hobbies with innovative lessons and highly qualified teachers.

Becoming a Nevada Learning Academy student prepares you for college. Digital education requires that students learn to manage their schedule and to communicate effectively with peers and instructors. The skills that are essential to be successful in an online high school are crucial for a student to thrive in a university environment.

Accredited, public 6-12 school.

Honors, Advanced Placement (AP®), Career Pathways, and Dual Enrollment

All high school classes are NCAA® approved.

Why be a part-time Nevada Learning Academy student? You can accelerate your learning, replace credits, improve a grade, take courses not offered at your home school, or just enjoy the flexibility of online learning. NVLA's part-time students enjoy the flexibility to complete their coursework online with direct support from highly qualified teachers. Whatever your need, we can help you achieve your goals. If you are interested in taking an NVLA course as a *part-time student*, please talk to your school counselor. Part-time enrollment in courses may be subject to enrollment fees.

Why be a full-time Nevada Learning Academy student? NVLA offers flexibility for students with unusual schedules, gives students the ability to focus and avoid the distractions of a traditional school, allows students to get away from negative peer groups and bullying, and provides opportunities to enroll in college courses. NVLA students can also participate in Student Council, National Junior Honor Society, and many activities of a traditional high school. Students are also eligible to try-out for athletic teams at their zoned high school. If you are interested in applying to be a *full-time student*, go to NVLearningAcademy.net to learn more. We are now accepting [applications](#) for fall enrollment.
